GET FREE SHIPPING!

Use Promo Code SHIPFREE at Step 4 of checkout.

*Free Shipping only applicable to US orders. Restrictions apply.

Next is the payment process, which can be a bit of a pain. They do require you to create an “account”, and of course will request credit card information and a billing address in the US. Note, this item is sent by email, so the shipping address doesn’t matter.

You will get an email from Macmillan Learning Student Store that includes the code

Enter that code into the box in smart.physics.illinois.edu
